Storming the Capital Building? What was their PLAN for when they got inside??

It's obvious to me that this was an impulsive decision and not something planned by Trump supporters in advance. Once they got inside there was no organization. No leaders of the movement. No plan to barricade the doors and occupy the building long term. No demands were issued.

Actually, this pisses me off a little. If you are going to do something this drastic, shouldn't you WANT something for your efforts?

1 A majority 99.98% of the Trump supporters stayed at the BACK of the building. No one made ANY effort to enter. We just chanted and made a lot of noise so they would KNOW we were out there. We didn't have internet or cell service so we didn't even know they had breeched and entered.
